# TRAINING & CERTIFICATION OVERVIEW

## BRAINSPACE ANALYST

1-DAY  
ONLINE

OR

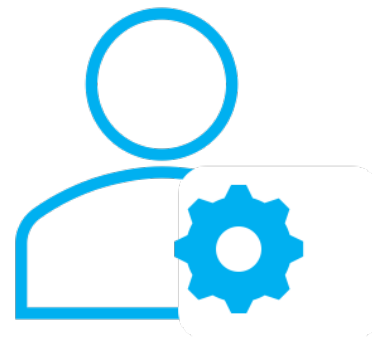

2-DAY LIVE  
CLASSROOM

### WHAT IS IT?

The Brainspace Analyst & Certification Course is now offered as either a **1-day online on-demand** course or a **2-day live instructor** led training program designed to familiarize you with all of the visual analytics and machine learning features of Brainspace as well as standard workflows designed to maximize the value of the software. This course includes hands-on exercises and the opportunity to take the Brainspace Analyst Certification exam.

### ELIGIBLE FOR:

**Brainspace Analyst Certification\***

## BRAINSPACE ADMIN

3-DAY LIVE CLASSROOM

### WHAT IS IT?

The Brainspace Administrator Training & Certification Course is a 3-day live instructor led training program that includes the 2-day standard live Brainspace Analyst Training plus an additional day of Administrator training. The admin curriculum provides an overview of the administrative features of Brainspace and is suited for those users that are also planning to provide technical support of the application for their organization. Attendees will have the opportunity to take the Brainspace Administrator Certification exam.

### ELIGIBLE FOR:

**Brainspace Administrator Certification\***

\* Must take exam and receive 80% or higher overall score
